stringent ways of thinking conceptual frameworks are necessary in science the drawback is that the associated assumptions concepts rules and practice may become so deeply entrenched that they turn into tacit knowledge and hence give rise to constraints in scientific thought and practice that is a new kind of plethora that seriously blinds and thereby hampers scientific progress this book a unifying theory of evolution generated by means of information modelling presents a methodology for describing complex knowledge domains it applies a template information model based on a dynamic structure of interrelated functions called the mereon matrix application of this template model to the field of evolutionary theories enabled the unification of the sometimes chaotic and competing field of evolutionary theories large and small seamlessly in a shared framework the author has

masters degrees in both biochemistry and computer science as well as a european doctorate and phd in health informatics and has spent 35 years in full time research it is her particular combination of professional experience and expertise together with the template information model which has enabled her to write this book whilst primarily aimed at a scientific audience and evolutionary biologists in particular the book will be of interest to all those looking for new approaches to exploring and explaining phenomena in nature and because the text is largely non technical in nature much of the content will also be accessible to a wider readership

this book highlights the disparity between the growing number of women entering medical school and their underrepresentation in leadership roles within critical care and perioperative medicine despite numerous reviews and reports on gender and minority gaps few resources offer practical solutions improving the working environment is essential the book focuses on practical examples and tools that can be easily adopted by readers it addresses the well being of practitioners and the safety outcomes and patient centered care for patients post pandemic data show significant burnout in critical care and anaesthesia disproportionately affecting women and minorities with long term consequences for the workforce and care quality the triple aim enhancing patient experience improving population health and reducing costs is a framework for optimizing healthcare performance burnout however is linked to lower patient satisfaction poorer health outcomes and increased costs this has led to the quadruple aim which includes improving the well being of healthcare providers preventing burnout is vital for maintaining productivity and care quality enhancing research and professional well being in critical care and anaesthesia directly improves patient care quality patient centered care is a core objective improving the working environment preventing burnout enabling professionals to achieve their goals and addressing diversity are key to improving outcomes and care quality this book provides a practical approach to improving team well being outcomes safety and patient satisfaction in high risk healthcare environments it offers relevant information and highlights areas for improvement in critical care and perioperative settings helping healthcare professionals achieve their goals

children of the 1950s have much to look back on with fondness muffin the mule andy pandy and dennis the menace became part of the family for many while for others the freedom of the riverbank or railway platform was a haven away from the watchful eyes of parents the postwar welfare state offered free orange juice milk and healthcare and there was lots to do whether football in the street a double bill at the cinema a game of ludo or a

spot of roller skating but there were also hardships wartime rationing persisted into the 50s a trip to the dentist was a painful ordeal and at school discipline was harsh and the eleven plus exam was a formidable milestone janet shepherd and john shepherd examine what it was like to grow up part of the baby boomer generation showing what life was like at home and at school and introducing a new phenomenon the teenager
